Dear Ms. Lomonte,

Thank you for your letter of May 16, 2009. Please excuse my delay in responding. I have been out of the country on a series of pastoral visitations.

I am happy to endorse your project on behalf of the men and women serving our nation in the Armed Forces. I appreciate your initiative to provide the service men and women with MP3 players containing spiritually uplifting programming.

I have reviewed the content you propose to include on the MP3 players. You might want to consider including a commentary on the Sunday readings, especially if they are destined for places where there is no Sunday Mass.

Reiterating my expression of profound gratitude for your generous service and wishing you every blessing on your endeavor, I remain

Sincerely in Christ,

(Most Reverend) Timothy P. Broglio  
Archbishop for the Military Services
